(805) 382-4592

Lapidary

Learn to cut and polish stones to create cabochon (domed) gems. The student will learn orienting, doping, cutting and polishing techniques.

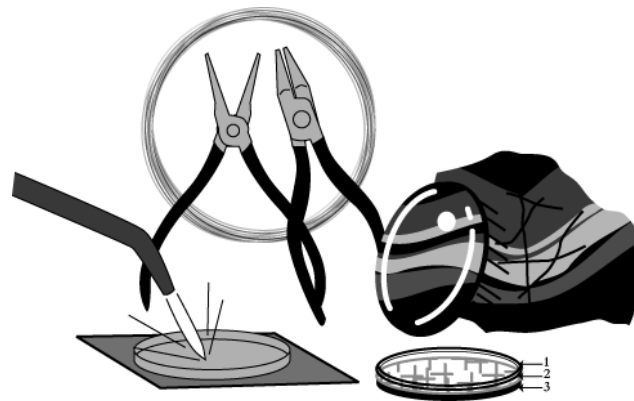

Knowledgeable OGMS instructors will help you understand your material's working properties and advise you on the techniques to use for best results. A cabochon project will be taught.

Class Meets:

Thursday evenings
7:00 PM – 9:00 PM

Class meets for 8 weeks
Fee: \$35

To register contact: Don Minster
(805) 485-8226

Opal Cutting

This is a specialized Lapidary class focusing on precious opal. Learn to evaluate a rough piece of opal for optimum cutting, to best show the fire and color of the opal.

OGMS instructors will teach you skills to work this magical stone with confidence.

Doublet and triplet construction techniques will be taught.

Class Meets:
Saturday mornings
9:00 AM – Noon

Class meets for 8 weeks
Fee: \$35 plus material fee

To register contact: Don Minster
(805) 485-8226

Experienced member volunteers of The Oxnard Gem & Mineral Society teach all classes.

OGMS is a non-profit organization, under 501 (c)(3), founded in 1961. The goals of the club are to enrich the lives of the community and the surrounding areas by promoting popular interest and knowledge in geology, mineralogy, lapidary and related fields.

For more information regarding these classes and to learn about the other endeavors of OGMS, please visit us on the internet at: www.oxnardgem.com Thank You!

Wire Wrap

Learn to create exquisite jewelry with the ancient techniques of wire wrapping. Projects include a bracelet, pendant, and a ring. Other designs may be explored as time permits.
